To Whom It May Concern:

The Alcona County Heritage Route Committee wholeheartedly supports Thunder Bay Marine Sanctuary efforts to increase the boundary expansion to include Lake Huron waters off the Alcona County shoreline.

The Thunder Bay Marine Sanctuary has been an integral part of the growth and interest in Northeast Michigan. This obviously includes the documentation and preservation of shipwrecks along the Lake Huron coastal waters.

We encourage any efforts to complete this expansion.

Sincerely,

Karen L. Sanderson, Chair  
Alcona County Heritage Route Committee
